

Platform	Type	Connectors	Auth model	Compliance	Pricing	Best for
Composio	Developer-first AI integration platform (Python/TypeScript SDKs, CLI)	1,000+ pre-built	Managed OAuth 2.0; full token lifecycle, credentials never reach agent context	SOC 2 Type II, ISO 27001	Free (20K calls/mo); \$29/mo (200K); \$229/mo (2M); Enterprise custom	Engineering teams building production SaaS agents needing managed auth, broad coverage, and native observability
Nango	Open-source unified API with continuous data sync	800+ APIs	Managed auth; advanced features on paid/Cloud tiers	SOC 2 Type II (HIPAA add-on)	Free; Starter from \$50/mo; Growth from \$500/mo; Enterprise custom; usage-based	AI product teams building data-heavy apps (RAG, knowledge bases) needing continuous sync
Arcade	MCP runtime with just-in-time authorization	160 MCP servers	OAuth 2.0 at point of tool calling; credentials injected at execution, per-action scoping	Enterprise tier adds SSO/SAML, RBAC, audit logs	Free (Hobby); Growth \$25/mo + usage; Enterprise custom	Engineering teams standardizing on MCP that prioritize just-in-time permission scoping and runtime control
Merge	Unified API + Agent Handler (MCP and REST paths)	240+ across 9 categories	End-user flow (Merge Link) for OAuth/API keys; Security Gateway scans every call for DLP/PII	SOC 2 Type II, ISO 27001, HIPAA, GDPR, CCPA	Launch: free up to 3 accounts, then \$650/mo (10), \$65 each after; higher tiers custom	Regulated B2B SaaS needing both API and MCP paths, per-call scanning, and audit-grade observability
Workato	Enterprise iPaaS with visual recipe builder	1,200+ pre-built	SSO, audit logging, environment separation	SOC 1/2/3 Type II, ISO 27001/27701/42001, HIPAA	Free (50K one-time credits); Pro \$100/mo (3.5K credits/mo); Enterprise custom	Large enterprises with existing Workato infrastructure spanning legacy systems (SAP, Oracle, Workday)
